- 3) **Combined League Policy:** Players cannot be registered on teams in both Areas. (pg 14)

 - A Team Match is left unplayed: No adjustment is needed.The highest games won % will be used to determine a Local League Winner(LLW) when: a) Team results are uneven in the Standings or b) If there is a Tie across the board. (pg 23)
- 7) **Procedure for Individual defaults:** If no default lines were identified prior to the match or if a team shows up to a match with fewer players than originally promised, the team that has the most players available at the time of the match will decide which line(s) will be defaulted.

 - If the team match started, completed individual matches will stand as played and incomplete matches will need to resume with the same players and at the exact score (set, game, point) as they stood when halted. Any point played is always counted and never replayed.
 - **If the Team match or individual lines did not start, they may use a different line-up when it’s postponed for another day.** (pg 25)

(LLR) Areas may have a maximum roster limit.

(LLR) Areas may offer additional non-advancing local league play.

(SLR)

Weekend/Weekday Policy: If an Area's primary league plays on weekends, the policy will apply to the secondary weekday leagues and vice versa. The secondary leagues will be required to have a minimum of 4 teams in order to be considered a separate area, which will allow the Local League Winner (LLW) to advance directly to Sectionals without having to play-off with the primary league. If there is only one league offered (WE or WD), the Local League Winner (LLW) will advance to Sectionals. The WE/WD policy will be implemented to the following leagues: USTA Adult 18&Over; USTA Adult 40&Over; Section Fall 18&Over Doubles and **TriLevel 18&Over Doubles**.

Combine Policy: Areas combining and competing in league play together are considered a "Combined League".

- An Area with two teams may "combine" with a hosting Area that has two or more teams.
- Teams must secure home courts in the Area they are representing.
- The team with the best record from each of the Areas will advance to the next level of competition, regardless of who wins the league.
- **Players cannot be registered on teams in both Areas**

Home Facility: Teams must secure home courts in the Area they are representing. The location of the home facility will determine the league area the team is representing. If it is discovered that a team is not playing their home matches within their Area, those match results will be taken out of the standings. A "shared facility" may be used as a home facility. (*See Glossary*) Restroom facilities must be available for players at their home site in order to participate in USTA/SECTION Leagues. All league matches must be played on hard courts unless both teams agree to play on a different surface prior to the match.

1.04D(5) Two Team Leagues. If any Adult Division Age Group consists of only two teams in a level of play, each team must maintain its roster with at least 40 percent of its players at the designated NTRP level of play. The exception is the Adult Division 55 & Over Age Group that uses combined NTRP rating levels and will not be required to comply with this Regulation.

(SLR)

"At Level" Policy: In all straight level leagues consisting of three or more teams in a level of play, each team must maintain its roster with at least 50 percent of its players at the designated NTRP level of play **by their first match, otherwise, any matches played that are "out of compliance" will be disqualified.** The Plus (+) players in the Adult Division and Section Doubles league are considered as part of that NTRP level of play.

(LLR) Areas may implement a higher % minimum.

1.04E Player Eligibility.

1.04E(1) Domicile and Residency Requirements. Any individual who competes in the USTA League must be domiciled within the boundaries of a USTA Sectional Association or participate through a USTA Direct Member Club. Residents of foreign countries who meet membership and age requirements may be invited by a USTA Section to participate in the USTA League Program provided that all such matches are played within the Section. Sections may create residency requirement rules to encourage and foster local league play.

1.04E(2) Membership. All individuals who compete in the USTA League must be current USTA members in good standing through the local league season. Any individual who progresses to a championship level in the USTA League must be a current USTA member through each championship progression.

1.04E(3) Age. Players must be 18 years of age prior to participating in the USTA League program. Each player over the age of 18 shall have reached the required minimum age prior to or during the calendar year in which such player participates in his or her first local league.

1.04E(4) Player Agreement. All players participating in the USTA League, as a condition of said participation, agree to abide and be bound by the USTA Constitution and Bylaws; the USTA LEAGUE REGULATIONS; the FRIEND AT COURT - *The USTA Handbook of Tennis Rules and Regulations* including THE CODE and Wheelchair Rules of Tennis (unless modified by these USTA LEAGUE REGULATIONS); and the standards of good conduct, fair play and good sportsmanship.

(SLR) Applies to Section Leagues

1.04E(5) Waiver of Claims. Players participating in the USTA League acknowledge the risks associated with playing competitive tennis, accept those risks voluntarily, and in consideration of their acceptance in the USTA League Program, assume all risks for bodily injury, waive all claims for injury and property damage and release and hold harmless the USTA and the host facility, their officials, employees and agents with respect to any injury or loss caused by negligence or otherwise to the fullest extent permitted by law.

(SLR) Applies to Section Leagues

1.04F Official League Rating Program.

The National Tennis Rating Program (NTRP) is the official system for determining the levels of competition for the USTA League. The USTA NTRP Computer Rating System assigns ratings based on play in the local league and at championships and select NTRP tournaments.

1. The National Tennis Rating Program (NTRP) Guidelines define the characteristics of the various NTRP skill levels.
2. The USTA NTRP Computer Rating System is the official system to determine computer ratings for players throughout the country who participate in the USTA League. It is a mathematical system that assigns computer ratings to players by direct and indirect comparison of match results obtained from the USTA League and select NTRP tournaments.
3. A valid NTRP rating level is in effect for two years for individuals 60 years of age or older prior to, or during, the League Year and for three years for individuals 59 years of age or under, or until another valid NTRP rating level is generated. (See *Valid NTRP Computer Ratings Table* – inside back cover)
4. Players with a valid NTRP rating level must enter at that level or higher. (See *Valid NTRP Computer Ratings Table* – inside back cover)
5. Players in the USTA League without a valid computer rating must self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines*. Factors such as a player's on-court performance, tennis background, and any additional information should be considered in the self-rating decision. When players are rating themselves, if they question at which level they should play, they should place themselves in the higher NTRP level of play.

Note: Players who are good athletes or intend to spend a great deal of time taking lessons and practicing should be aware that their improvement may be significant enough to surpass their original self-rating during the local league season or championship play. To avoid NTRP Dynamic Disqualification, these players should enter at a higher NTRP level of play at the beginning of the local league season.

6. In the USTA League Adult Division, dynamic ratings will be calculated at regular intervals for all participants during local league competition, at the end of the local league season, and either during, or at the end of, District/Area through Sectional Championships.

7. At the USTA League Adult Division National Championships, players will continue to generate dynamic ratings through their last match played, but there will be no NTRP Dynamic Disqualifications at National Championships.

8. After the USTA League Adult Division National Championships, year-end NTRP published levels will be calculated using USTA NTRP Computer Rating System Procedures approved by the USTA League Committee.

9. In the USTA League Mixed Division, an NTRP level will be calculated for participants who play in that Division exclusively. Year-end ratings will be based on the final dynamic rating generated from local league and championship level competition unless the player has a valid Computer (C) rating from a previous year.

1.04F(1) Entry. A player without a valid NTRP rating level in TennisLink, a returning player with an expired NTRP rating level, a Tournament Exclusive (T) rated player or a Mixed Exclusive (M) rated player who does not have a valid computer (C) rating from a previous year and chooses to participate in the Adult Division, must self-rate to be assigned a new rating, reassigned to their last expired rating or a higher rating based on their playing history to enter the USTA League Program as shown in the following table:

NTRP RATING LEVEL FOR ENTRY INTO LEAGUE PLAY		
DIVISION	AGE GROUP	PLAYER'S NTRP RATING LEVEL
Adult	18 & Over 40 & Over 55 & Over Straight NTRP Levels	Current NTRP level and/or up to one level higher than the player's current NTRP level. 18 & Over 5.0+ level may have up to two players from the next higher NTRP level on a team roster 40 & Over 4.5+ level may have up to three players from the next higher NTRP level on a team roster
	55 & Over Combined NTRP Levels	Combined NTRP rating levels of partners shall not exceed the team NTRP level. NTRP rating level difference between partners shall not exceed 1.0. The minimum NTRP Level for: 6.0 is 2.5; 7.0 is 3.0; 8.0 is 3.5; 9.0 is 4.0.
Mixed	18 & Over 40 & Over 3.0, 3.5, 4.0, 4.5, 5.0 Straight NTRP Level	Current NTRP level and/or up to one level higher than the player's current NTRP level.
	18 & Over 40 & Over Combined NTRP Levels	Combined NTRP rating levels of partners shall not exceed the team NTRP level. NTRP difference between partners shall not exceed 1.0. The minimum NTRP Level for: 6.0 is 2.5; 7.0 is 3.0; 8.0 is 3.5; 9.0 is 4.0; 10.0 is 4.5.

1.04F(1)a Rating levels are derived in accordance with the USTA NTRP Computer Rating System Procedures. Once a player is assigned a valid Computer (C) NTRP rating level, it is valid for the Adult and Mixed Divisions for all players 59 years of age or under for three consecutive years or until another NTRP published rating level is generated. For players 60 years of age or over, a valid Computer (C) NTRP rating level is valid to play in the Adult and Mixed Divisions for two consecutive years or until another NTRP published rating level is generated. (See Reg. 1.04F(1)b and c and *Valid NTRP Computer Ratings Table*).

1.04F(1)b Mixed results will not be part of generating a player's year-end rating, except for those players who participate in the Mixed Division exclusively. A player who plays in the Mixed Division exclusively will receive a published Mixed Exclusive (M) rating level at year-end unless they have a valid Computer (C) rating level from a previous year on file in TennisLink. A published (M) rating level is valid to play in the Mixed Division exclusively and will be in effect for players 59 years of age or under for three consecutive years and for players 60 years or older for two consecutive years or until another published NTRP rating level is generated. A player who plays exclusively in the Mixed Division and subsequently chooses to participate in the Adult Division must enter by using a valid Computer (C) rating from a previous year. If such player does not have a valid (C) rating from a previous year, he or she must self-rate with the minimum NTRP rating level being the higher of the self-rating or valid Mixed Exclusive (M) rating.

1.04F(1)c A player who plays exclusively in NTRP tournaments and subsequently chooses to participate in the Adult Division must enter that Division by using a valid Computer (C) rating from a previous year. If such player does not have a valid (C) rating from a previous year, he or she must self-rate with the minimum rating being the higher of the self-rating or valid Tournament Exclusive (T) rating.

1.04F(1)d Players who do not have a valid NTRP rating level on file in TennisLink shall self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines* and complete the self-rating process on TennisLink when registering for a team. Players who allow someone else to complete the self-rating process for them will be ultimately responsible and held accountable for information submitted or omitted. Failure to self-rate in accordance with the *Guidelines*, or omission of information regarding a player's tennis history, will subject the player as well as the captain and/or others who completed, assisted, condoned and/or approved an inappropriate self-rating to penalties and suspension. Players whose self-ratings are determined to be inaccurate or inappropriate shall be disqualified. (See Reg. 3.03E(1)a).

1.04F(1)e Self-ratings are valid for two years from the date issued or until replaced by a dynamic or computer rating. If there is a change in their playing experience the player may appeal their rating up at that time or they may be promoted by the Sectional coordinator.

1.04F(1)f TennisLink will automatically remove expired computer and self-ratings thereby allowing individuals to self-rate. Players with expired ratings will not be allowed to self-rate at a lower level than their last valid NTRP rating level. However, when assigned an NTRP rating level by TennisLink, the player will have the opportunity to file a Self-Rate Appeal.

1.04F(1)g Each Sectional Association shall designate a committee to handle Self-Rate Appeals for those who appeal their assigned self-rating level. This committee may be the same, in whole or part, as the Sectional League Grievance Committee that handles NTRP Grievances. Players who appeal their rating and anyone acting on their behalf will abide by the Self-Rate Appeals Committee's decision without further right to appeal same, except that the Committee may reconsider its decision in the event there has been a clear factual error made by the Committee. Players granted an appeal of their self-rating may be subject to NTRP Grievance based only on newly discovered or missing information not previously considered. (See *General & Experiences Player Guidelines – Supplement to the NTRP Guidelines.*)

(SLR)

All Section Self-Rate Appeals are forwarded to the Section - Attention: NTRP Coordinator

1.04F(1)h Valid NTRP Computer Ratings: See *Valid NTRP Computer Ratings Table.*

1.04G Player Participation Eligibility.

1.04G(1) League players may play in the USTA League Adult and Mixed Divisions during the same local league season.

1.04G(2) A player may play on only one team in an NTRP level within an Age Group in the same local league during the same season. In local leagues where NTRP levels are divided into flights, a player may not play in more than one flight.

1.04G(3) A player may play on more than one team in an NTRP level within an Age Group in the same season provided it is in separate local leagues. **The Section has the authority to accept or deny participation.**

(SLR)

Includes leagues that fall under the WE/WD policy. Ex: A player may play on an Adult 18&Over 4.0 team in the SFV area and in the SGV area.

Exception: Not allowed in "combined" leagues

(LLR) Local Areas have the authority to accept or deny participation.

1.04G(4) A Section may authorize participation in more than one NTRP level within an Age Group in the same local league during the same season.

(SLR)

1.04G(5) A player may play up to one NTRP level higher than the player's current NTRP level.

1.04G(6) A player who qualifies to advance to championships on more than one team may be required by the Section to choose which team he or she will represent.

(SLR) At any Sectional Championship, if a player qualifies for two or more teams at the same NTRP level, the individual must declare which team he or she will represent. In the absence of a declaration, the first match played will determine which team he or she will represent.

Exception: In the TriLevel league, a player can play in the same NTRP level at two different team levels. Ex: A 3.5 player can play on a 4.0-3.0 team and on a 4.5-3.5 team.

1.04G(7) At any National Championship, if a player qualifies for two or more teams at the same NTRP level for an event, the individual must declare which team he or she will represent. In the absence of a declaration, the first match played will determine which team he or she will represent.

1.04G(8) A player may participate in only one individual match within each team match.

1.04G(9) A player who participates in the USTA League in violation of any provision of Section 1.04G *Player Participation Eligibility*, shall be subject to an Eligibility Grievance as defined in Section 3.02D *Eligibility Grievance*.

(SLR)

Ineligible players: In all matches, in which ineligible players participate, penalties and/or sanctions may be imposed on the ineligible player and/or the captain.

Examples of ineligible players are listed below but may not constitute a full list:

- Players who do not appear on the official team roster. (Notify ALC of any registration problems prior to the match).
- Players who have been registered by the captain without their knowledge and/or have fictitious match results entered in TennisLink.
- Players who play under another player's name.
- Players who utilize multiple USTA Membership numbers in an attempt to bypass their computer generated NTRP rating in order to enter into the league program at a different level.

College players must consult the Intercollegiate Athletics Compliance Officer/Athletic Director at their college to ensure that their eligibility will not be jeopardized by competing in league tennis.

1.05 Official Ball. In USTA League matches, a standard Type 2 USTA approved ball shall be used. The use of any USTA "transition" ball is prohibited.

2.00 USTA LEAGUES REGULATIONS.

All USTA League Regulations in 1.00 GENERAL, 3.00 GRIEVANCE PROCEDURES and the following Regulations in this section shall apply to USTA League Adult and Mixed Divisions except for Reg. 2.04 NTRP DYNAMIC DISQUALIFICATION AND REVIEW PROCEDURES which shall apply only to the USTA League Adult Division.

2.01 LOCAL COMPETITION.

(SLR)

Confirming Match Play: Team matches must be played on the scheduled dates unless they have been rescheduled **or postponed due to unplayable conditions**. The ALC must be informed of any change in the schedule. Recommended order of play for the Adult Division 18 and 40 & Over Age Groups: Singles and then Doubles. The following must be confirmed **no later than 3** days prior to the match by both captains.

- Day and time of the team match
- Line defaults, if known in advance
- # of courts to be used, including for warm-up if available
- If it's a split time match, captains must agree on the order of play and starting times for each individual match for that day, unless it has been predetermined
- Directions to the tennis facility.

2.01A NTRP Levels of Play.

2.01A(1) When using straight NTRP levels, a player cannot have an NTRP rating higher than the NTRP level in which the player is competing except in the 5.0+ NTRP level of the Adult Division, 18 & Over and in the 4.5+ NTRP level of the Adult Division, 40 & Over. Adult Division, 18 & Over 5.0+ team rosters may include up to two (2) players from the next higher NTRP level. Adult Division, 40 & Over 4.5+ team rosters may include up to three (3) players from the next higher NTRP level.

In Plus (+) NTRP levels utilizing four or less individual matches constituting a team match:

2.01A(1)a In Plus (+) NTRP levels utilizing **four or less** individual matches within a team match, no more than one Plus (+) level player shall be allowed to play in a team match and shall be required to play in a #1 position, either singles or doubles.

2.01A(1)b In the 5.0+ level a player who is rated 4.5 is not eligible to play in the #1 singles position.

2.01A(1)c In the 4.5+ level a player who is rated 4.0 is not eligible to play in the #1 singles position.

(SLR)

Section Doubles league (5.0+) - There is no limit on how many (+) players shall be allowed to play in a team match. A lower level player cannot play on a higher line than a higher level player.

In Plus (+) NTRP levels utilizing five individual matches constituting a team match:

2.01A(1)d Two (2) Plus (+) level players may play in a team match and shall be required to play in either (i) both in the #1 doubles position or (ii) one player in the #1 singles position and one player in the #1 doubles position.

2.01A(1)e In the 5.0+ level a player who is rated 4.5 is not eligible to play in either #1 position.

2.01A(1)f In the 4.5+ level a player who is rated 4.0 is not eligible to play in either #1 position.

Note: If the NTRP ratings of the players available and on-site for a team match would result in an individual match default at the #1 position(s), a lower level player may play at the #1 position(s), provided no available at level player is playing below the #1 position(s). In such case(s) 2.01A(1)b, 2.01A(1)c, 2.01A(1)e, or 2.01A(1)f shall be waived.

2.01A(2) When using combined NTRP levels, the combined NTRP rating levels of the doubles team cannot exceed the combined NTRP level in which the players are competing;
2.01A(3) The NTRP difference between members of an individual doubles team may not exceed 1.0.

2.01A(4) USTA League NTRP levels in the local league and at championships are approved in accordance with the following table:

(SLR)
 See Section Regulation Summary Chart for Section League NTRP levels at championships.

In the Tri-Level division, the highest NTRP level offered will play in the #1 doubles line, second highest in the #2 doubles line and lowest level in the #3 doubles line. One player of a doubles team must be at level.

2.01B Men, Women and Mixed Doubles. Men’s and women’s leagues shall be separate at each approved NTRP level in the Adult Division. Leagues in the Mixed Division are comprised of a man and a woman who combine to play in each individual match. The local league shall determine which of these approved NTRP levels in Reg. 2.01A(4) shall be available for men, women and mixed genders in local league competition.

2.01C Competition Format.

2.01C(1) Round Robin. Each NTRP level within a local league shall play at least one round robin competition wherein every team plays every other team. When any NTRP level consists of only two teams, each team is required to play a minimum of three team matches, which is a triple round robin. When any NTRP level consists of only three teams, each team is required to play a minimum of four team matches, which is a double round robin. Any NTRP level may be divided into flights and each team shall play every other team in its flight. The flight winners may enter a playoff structure to establish a local league champion for that NTRP level.

(SLR)

Players need a minimum of two matches (a default received counts as a match played) to be eligible to participate in a Local League Playoff (LLP).

2.01C(1)a Each Sectional Association may permit additional matches, selected randomly, within a flight.

2.01C(1)b Each Sectional Association may permit additional cross-flight matches in which each team in one flight plays an equal number of matches in the other flight, selected randomly if not a full round robin.

2.01C(1)c Each Sectional Association may permit the top teams in a flight to play an additional round robin to determine advancement, and the teams without a mathematical chance to advance may play an additional round robin.

(LLR) Areas may use any one of the options listed above

2.01C(2) Team Match. Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combination thereof as determined by the local league. Each team must have the minimum number of players available to play the majority of individual matches. If one team does not have the minimum number of players, the opposing team will be credited with a total team default, and will win each individual match 6-0 6-0. If neither team has the required minimum number of players, the match shall be scored as a double team default, and neither team will receive credit for a win. In the case of a team default or double team default any individual matches actually played will count only for NTRP ratings and eligibility for advancement and cannot count for determining standings.

If both teams have the minimum number of players available to play, but the combination of individual defaults by the two teams would result in the majority of matches not being played, the teams must follow the procedure(s) established by the Sectional Association, to ensure that a majority of individual matches are played.

Each Sectional Association shall establish procedures to determine the 1) flight standings in the event of a team default or double team default and 2) actions to take when the combination of individual defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches are not played. If no such procedures have been established, the match will result in a double team default.

(SLR)

- 1) Procedures to determine Flight Standings when:
 - A Team Default occurs during round robin play: It cannot count, adjustment may be needed.
 - **A Double Team Default occurs: No adjustment is needed since neither team received credit for a win.**
 - **A Team Default occurs when implementing options: 2.01C(1)a; 2.01C(1)ba; 2.01C(1)c: Only that defaulted team match will be taken out of the standings.**
 - **A Team Match is left unplayed: No adjustment is needed.**

The highest games won % will be used to determine a Local League Winner(LLW) when: a) Team results are uneven in the Standings or b) If there is a Tie across the board.
- 2) The following actions will take place when the combination of individual defaults given by the two teams may results in a situation where the majority of the individual matches are not played:
 - The #2D line moves up to the #1D line. The #3D line moves up to the #2D line. The #3D line is defaulted.
 - The #2S line moves up to the #1S line. The #2S line is defaulted.
Refusal to play will result in a team default.

Procedure for Individual defaults: If no default lines were identified prior to the match or if a team shows up to a match with fewer players than originally promised, the team that has the most players available at the time of the match will decide which line(s) will be defaulted.

- **In a 4-Line format, three of the four lines must be played to be considered an eligible match.**
- **In a 4 or 5-line format when there are only 6 players, the Singles line(s) or #3 Doubles line may be defaulted.**
- In a 3-line Tri-Level format, a minimum of any two lines with 1 player at level on each line must be played. Otherwise, it will be a double default.

**See (LLR) for default times. If none is listed, default is 15 minutes past match time.
See (LLR) for penalties.**

2.01C(3) Match Scoring and Formats. It is recommended that all matches be the best of three tiebreak sets with a match tiebreak in lieu of a third set. The match tiebreak shall be scored as one set and one game for tiebreak purposes. For play at or below the Sectional level, the Sectional Association may authorize the use of other USTA approved scoring methods and other scoring methods that are compatible with the USTA NTRP Computer Rating System. Other match formats include: best of three tiebreak sets with a set tiebreak at 6-all, pro-set matches, a single set with a set or match tiebreak at 6-all and timed matches. No-Ad scoring can be used with any of the scoring methods. The method of awarding points in order to determine the winning team of a local league team match and the winner of the local league competition may be the same as that used in championship competition or may be another method compatible with the USTA NTRP Computer Rating System selected by the local league. (See Reg. 2.03D *Competition Format* and Reg. 2.03E *Team Match and Scoring* for championship competition.) The scoring in the event of a default or disqualification shall be 6-0, 6-0. Retirements shall be scored as described in Reg. 2.03N *Scoring of Retirements*.

(LLR) Local League Areas may use any approved scoring methods that are compatible with the USTA NTRP Computer Rating System.

2.01C(4) Individual Match. An individual match is defined as any singles match or any doubles match played as part of a team match.

2.01C(5) Team Line-Ups. The team captain for each team shall exchange their team line-up simultaneously prior to the beginning of the team match. No substitution may be made in an individual match after the line-up has been presented, except for injury to, illness of, or disqualification of a player prior to the start of such match and except under such further circumstances as a Sectional Association may authorize. If the substitution is made during the warm-up, the substitute player is entitled to a five minute warm-up. The default principles in Reg. 2.03K *Team Defaults* and 2.03L *Scoring of Team Defaults* shall be applicable.

(SLR)

Prior to exchanging line-ups, captains need to communicate with each other if their player(s) is not present at match time, in which case, they will place the missing player(s) on the appropriate line(s). This allows the opposing captain the option to make adjustments to their line-up, if needed.

Captains may ask for photo IDs. If not available, the player(s) may be replaced. If an eligible substitute is not available, that line(s) may be defaulted.

Players are allowed to register up to prior to default time or prior to the local registration deadline, whichever comes first.

Disputed line calls: Since Local League play is un-officiated, teams have asked the captains or two volunteers (one from each team), if available, to stand at each net post. Volunteers only confirm or overrule calls on their side of the court and ONLY if asked by the players.

Medical Time Out (MTO): In local league play, one (MTO) for each treatable medical condition is allowed during warmup and one during the match. Only one MTO for loss of condition (heat related issues such as cramps) is allowed even if it's in different parts of the body. Each treatable condition is a maximum of 3 minutes, except for bleeding. Bleeding time-outs are a maximum of 15 min. (Visible bleeding must be completely stopped).

Timed Match Procedure: All local league matches are considered timed matches. If a match cannot be completed within the allotted time, the Timed Match Procedure must be followed:

- Play until the end of allotted match time (try to finish any game in progress).
 - If the game cannot be finished, the player/team that is ahead in the game wins the game.
 - If the set cannot be finished, the player/team that is ahead by one game, wins the set.
 - If a match tiebreak cannot be finished, the player/team that is ahead by one point, wins the match tiebreak and the match.
- If it's even a "One Point Tiebreak" is played to decide the winner of the game, set or match tiebreak.
- For a "One Point Tiebreak", serving rotation continues:
 - Doubles: Receiving team chooses which player will receive.
 - Singles: Receiving player chooses which side to receive.
 - Mixed Doubles: The receiver will always be the same gender as the server.
- The score is entered exactly as it finished, choose "Timed Match" and designate a winning team:
 - A Match Tiebreak score is entered as 1-0.
 - A Set Tiebreak score is entered as 7-6 or 6-7.

Reschedule Policy: **Teams must do their best to complete all scheduled matches.**

If you need to reschedule a team match, the date and time must be agreed upon within one week

of the original match date and must be played before the end of the local league season or before a local flight playoff (whichever comes first). Otherwise, it will be recorded as a Team Default against the team that asked for a reschedule. **(See LLR for more details).**

Penalties that may be imposed to the team asking for a reschedule:

- A 1-line penalty will be imposed for a 3 doubles line format. The #3D line will be defaulted.
- A 1-line penalty will be imposed for a 1 single and 2 doubles line format. The team that was asked to reschedule will decide if either the #1S or 2D line will be defaulted.
- **A 1-line penalty will be imposed for a 1 single and 3 doubles line format. The team that was asked to reschedule will decide if either the #1S or #3D line will be defaulted.**
- A 2-line penalty will be imposed for 5 line formats. The team that was asked to reschedule will decide if both singles lines or both #2D and #3D lines or #2S and #3D lines will be defaulted.

If the match needs to be rescheduled again or needs to be postponed due to unplayable conditions, penalties will carry over.

No Penalties will be imposed if:

1. A minimum of 4 players on the team is representing that Area at a USTA/SECTION League Playoff or Championship.
2. If the Home Facility scheduled an unplanned event and there are no courts available “on site” **and both teams tried all possible means to play the match including the visitor’s site and alternate sites. (Hosting site will be responsible to pay any court fees needed)**

Unplayable Conditions Policy: (See Glossary for definition) See (LLR) for weather site. If no site is designated, use: www.accuweather.com. ALC’s confirm “Unplayable Conditions” if **there are any questions or disputes.**

Example: If two 4.0 players from the previous years Adult 18&Over National team want to play together on a 4.5 Adult 40 & Over team along with Non-National 4.0 players, the team is not subject to the “50% at level” rule.

Players that have not played a match or received a default can choose to be taken off the team in order to get the team into compliance.

The Move-up/Split-up regulation does not apply to Section Leagues: Tri-Level, Adult 65&Over and the Section Doubles league.
